

**Project Paradise Field Season Review
2010 Field Season**

February 25, 2011

Each year the Royal Botanical Gardens hosts a workshop for those involved in Cootes Paradise and Grindstone Creek research and monitoring. Approximately 55 researchers and observers attended the workshop. The research presented at this workshop is, in most cases, preliminary in nature and the workshop is intended as a forum for researchers to exchange information and ideas. The topics presented are included in the following list along with the presenters name and email address.

A Summary of 2010 Marsh Monitoring Program Results for Routes on Royal Botanical Gardens Property Coordinated Through The Urban-Rural Biomonitoring And Assessment Network (URBAN)	Lyndsay A. Smith-Cartwright smithla6@mcmaster.ca
