

Name _____

Classroom Mini Marsh

A Frog's Tale

Deep in the marsh lived a big, green frog. Every day, the frog would sit on their favourite log. From the log, they could see three turtles sitting on a rock. They could hear a family of ducks. And they could feel the warm sun on their back.

But most importantly - from the log the frog could catch lots and lots of flies for dinner!

Where did the frog live? _____

What colour was the frog? _____

How many turtles were there? _____

What did the frog catch for dinner? _____
